

***COMPARATIVE CONNECTIONS* READERSHIP SURVEY**

Pacific Forum is seeking feedback on its tri-annual e-journal of bilateral relations in the Indo-Pacific, *Comparative Connections*.

To ensure that our publications continue to deliver timely, concise, and informative policy commentary, Pacific Forum asks that members of its network complete a *Comparative Connections* Readership Survey.

Responses from our global network of policy practitioners, academics, and next-generation leaders will help us further develop *Comparative Connections*, a triannual e-journal of bilateral relations in the Indo-Pacific available at cc.pacforum.org, such that it remains a powerful resource for its distinguished audience.

The survey can be accessed [here](#). We kindly ask that feedback be submitted **no later than March 22, 2022**.

If you are a regular reader of *Comparative Connections* and are interested in providing a testimonial on how the publication has been valuable to your work, please click [here](#).
