ARE NOW OPEN**

35 ASIA-PACIFIC ROUNDTABLE
 5-7 July 2022 | Kuala Lumpur Time, UTC+8

**Sustaining Cooperation
Amid Competition**

**5 - 7 July 2022 | Kuala Lumpur Time, UTC+8
Virtual Conference**

The Asia-Pacific Roundtable is the signature international conference of the Institute of Strategic & International Studies (ISIS) Malaysia. Hosted on behalf of the Asean-ISIS Network, it regularly attracts **more than 300 thinkers of various backgrounds who engage in lively, frank and constructive conversations on issues impacting the security, stability, sustainability and prosperity of the Asia-Pacific region.**

This year, the 35th APR has adopted the theme of **sustaining cooperation amid competition.**

We will be taking a close look at the issues that matter to the region today, including the prospect of nuclear rearmament in the region, and the impact of emerging and revised regional unilateral and multilateral mechanisms on existing Asean-led multilateral networks.

As the Asia-Pacific is projected to be one of the hardest-hit regions from climate change, we are dedicating a session to examining the impact of climate change, especially on existing strategic security and trade inflection points, as well as the prospect of COP26 in being a catalyst for climate action in the Asia-Pacific.

For more information on the topics that we will be discussing, as well as a list of speakers and thought leaders attending the conference, visit us at www.isis.org.my/apr35

I hope to see you all soon.
